

Science Xpression 2022

5 Oct 2022

Conference Program

Welcome

Cristina López Villar. Vicerrectora de Igualdad, Cultura y Deporte. UDC
Rocío Mosquera Álvarez. Gerente Galaria, Empresa Publica de Servicios Sanitarios.
María D. Mayán. Coordinadora Grupo CellCOM
Elena Pazos. CICA. UDC

Session 1

Chair: Paula Carpintero. INIBIC

10:00 – 10:15 Elena Pazos. CICA. Universidad de A Coruña

Peptide-based biosensors and materials

10:15 – 10:30 Mariona Baliu. Galaria, Empresa Pública de Servicios Sanitarios.

CAR-T cell therapy and its connection with EVs

10:30 – 11:00 Clotilde Thèry. Institut Curie. París

Exosomes, other extracellular vesicles and co-isolated factors in cross-talk between tumors and the immune system

11:00 – 11:30 Coffee Break

Session 2

Chair: Raúl Fontelo. INIBIC

11:30 – 12:00. María D. Mayán. Instituto de Investigación Biomédica de A Coruña (INIBIC).
CHUAC-SERGAS

Exosome for intracellular transfer of protein-based therapeutics for cancer therapy

12:00 – 12:15 Marta Monguió. Institut del Cor del Germans Trias I Pujol, Spain

The road to translational application of extracellular vesicles

12:15 – 12:30. Vanesa Alvarez. Dundee University. UK

Maintenance of genetic and epigenetic information along the cell cycle

12:30 – 12:45 Iria Gómez Touriño. CIMUS, IDIS. Universidad de Santiago de Compostela.

Identification of novel small molecules for the treatment of autoimmune diseases

12:45 – 13:15 Hector Peinado. CNIO. Madrid

Role of extracellular vesicles in lymph node premetastatic niche formation”

6 Oct2022

Workshop

Mentoring and Guidance in Careers in Science

10.00 – 12.00

Vanessa Valdiglesias. UDC

Young scientists: bringing together and drawing on expertise

Abi Vázquez. DIVERSA Technologies.

Discover careers beyond academia

María D. Mayán. INIBIC

Women in Science. The STEM gap

Round table together with Clotilde Thèry (Institut Curie. París)

Lunch and networking
